OBJECTIVE

I am a passionate and detail-oriented UI Developer and UI/UX Designer with a solid foundation in front-end technologies and design principles. I specialize in creating clean, responsive, and user-centric web interfaces using HTML5, CSS3, JavaScript, and design tools like Figma, Canva, and Adobe Photoshop. I am dedicated to continuous learning and staying updated with the latest trends in UI/UX and web development

EXPERIENCE

Graphic Designer &UI Developer

SOFT SOURCE TECHNOLOGIES PRIVATE LIMITED

📅 10/2022 - 04/2024   📍 Chennai, India

A technology company specializing in graphic design and UI development

- **Developed interactive e-learning interfaces using HTML, CSS, and JavaScript**, focused on delivering clear and engaging content for 10th & 12th standard Mathematics subjects.
- **Built responsive UI screens and layouts**, ensuring smooth usability across desktop and mobile platforms for student-based learning modules.
- **Designed animated educational content using Adobe Animate CC (2020)**, converting complex math concepts into simple, visually engaging animations.
- **Collaborated with subject matter experts and content teams** to structure lesson flows, chapter-wise modules, and user-friendly navigation patterns.
- **Optimized UI components for performance and accessibility**, improving page load speed, readability, and overall student learning experience.
- **Created visual assets, icons, diagrams, and interactive elements** to enhance the learning environment and maintain brand consistency across the e-learning product.

UI/UX Design

RORIRI SOFTWARE SOLUTIONS PRIVATE LIMITED

📅 09/2025 - 11/2025   📍 Kalakkad, Tirunelveli

A software solutions company specializing in UI/UX design

- Designed **Instagram posters and promotional banners** for brand marketing.
- Created **visually appealing layouts** that matched the company's brand identity.
- Used **Figma** for layout design and **Canva** for quick edits and post templates.
- Worked closely with the marketing team to plan social media campaigns.
- Focused on **color balance, typography, and composition** for better engagement.
- Helped increase social media visibility through creative visual content.

PROJECTS

IRCTC Homepage Revamp

📅 11/2025 - 11/2025

A system created to manage restaurant operations effectively

- Designed a modern, spacious layout that organizes key sections clearly, helping users scan information faster and reducing cognitive load.
- Reworked the booking module with better spacing, intuitive form arrangement, and clear call-to-action buttons to improve usability and reduce user effort.
- Created a streamlined top navigation with clear labels, improved section grouping, and better discoverability of core features like Holidays, Services, and Offers.
- Applied consistent colors, typography, spacing, and card components to ensure a unified user interface across all sections.
- Improved contrast, increased font clarity, and added structured content blocks to make the interface more accessible for diverse users.
- Introduced modular icon-based service sections and card grids (Holidays, Flights, Railtour, Hotels) to help users quickly identify relevant services.

TopKlass

📅 10/2022 - 04/2024

UI Developer

- Designed and developed the **user interface** for an e-learning platform focused on **10th and 12th Mathematics subjects**.
- Used **HTML** to build the structure of learning pages and **CSS** for layout, color, and visual styling.
- Integrated **JavaScript** for interactive learning elements like quizzes and animations.
- Focused on creating a **clean, student-friendly design** for easy understanding and navigation.
- Ensured responsive design for smooth use on both desktop and mobile devices.
- Collaborated with the content team to align visuals with educational goals.

Comprehensive Social Media & UI/UX Design Project

📅 09/2025 - 11/2025

Social Media Branding & UI/UX Design Project

- **Designed visually engaging Instagram posts, carousel layouts, and social media creatives** to improve brand visibility and audience engagement.
- **Created professional brochures, flyers, and marketing materials** using Figma and Canva, maintaining consistent branding and layout quality.
- **Developed clean and structured UI layouts** for social content and digital campaigns, ensuring clarity, hierarchy, and effective visual storytelling.
- **Collaborated with team members and content writers** to convert ideas into polished and high-quality visual designs.
- **Applied strong knowledge of typography, color theory, and composition** to produce attractive and user-friendly graphic content.
- **Optimized designs for multiple platforms** (Instagram, print, web) ensuring proper sizing, readability, and visual consistency across all formats.
